

REGIONAL PLATFORM

LEDS LAC

LOW EMISSION RESILIENT DEVELOPMENT STRATEGIES

is a collaboration and action platform, driven by the countries of **Latin America and the Caribbean**, to support the implementation of NDCs and strategies for resilient and low-emission development. LEDS LAC is the regional platform of the Global Climate Action Partnership (GCAP).

CONNECTING LEADERS FOR TRANSFORMATION:

and key organizations to exchange best practices and find collective solutions

STRENGTHENING CAPABILITIES:

through technical collaboration and peer learning

SHARING BEST PRACTICES

emphasizing experiences from national and sectoral processes

WHAT DO WE DO?

Latin America and the Caribbean are transforming towards a new model resilient and low-emission development.

PROVIDING TECHNICAL ASSISTANCE

and personalized support through the Communities of Practice and the Climate Action Accelerator

GENERATING STRATEGIC INFORMATION

to facilitate decision-making.

LAC Roadmap to COP30:

A shared vision and a collaborative strategy of the LEDS LAC community and its partners towards COP30.

WHO DO WE WORK WITH?

LEDS LAC is a regional network of practitioners from governments, cooperation institutions, private sector, NGOs, academia and other relevant stakeholders that are working in developing and implementing NDCs and LTS in the region

What do we offer?

Spaces for connection, collaboration and learning

Communities of practice

Regional Workshops

Webinars

LEDS LAC in numbers

+10 years of collaborative work
+160 regional webinars organized
8 in-person regional workshops
+20K downloads of knowledge management products
50 technical assistance missions to +10 countries in the region
2 virtual events

Communities of Practice (CoPs)

Communities of Practice (CoPs) are a collaborative space for groups of experts with a common goal, gathering to exchange knowledge and enhance capacities on a specific subject, seeking common solutions and advancements in climate action.

TRANSPORT WORKING GROUP

Partner: Asociación Sustentar
 Since: 2018

PUBLIC PRIVATE ARTICULATION

Partner: GIZ / EUROCLIMA, INCAE
 Since: 2018

BIOENERGY

Partners: GCAP/NREL
 Since: 2016

RESOURCE EFFICIENCY WORKING GROUP

Partner: Asociación Sustentar
 Since: 2019

METHANE FROM ORGANIC SOURCES

Partner: CCAP, ImplementaSur y Global Methane Hub
 Since: 2023 - 2024

Technical assistance

Exchange of experiences

How a CoP works?

Dissemination of learnings

Webinars, reports, case studies

Exchange and joint learning

Workshops, virtual sessions

LEDS en LAC

LEDS in LAC is a report that focuses on identifying the progress and challenges of the countries in the region on their path towards fulfilling the Paris Agreement, considering the period from the first generation of NDCs to the presentation of the second generation or version of NDCs. The analysis focuses on four components: Ownership, Robustness, Ambition, and Feasibility.
