

Introduction to the NDC revision / update process

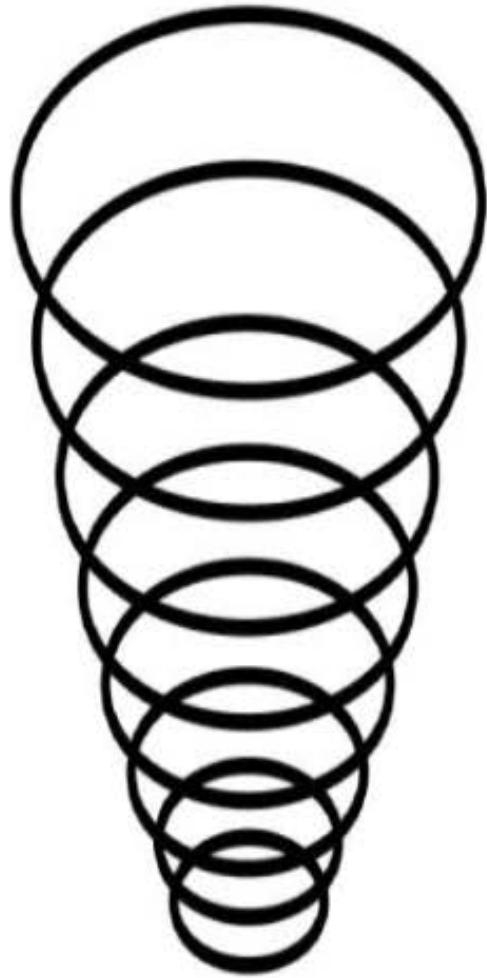

September, 2020

UNFCCC Regional Collaboration Centers

UN Climate Change secretariat has a network of 6 regional collaboration centers, which facilitate the work of the secretariat in engagement, convening and implementation of mandates

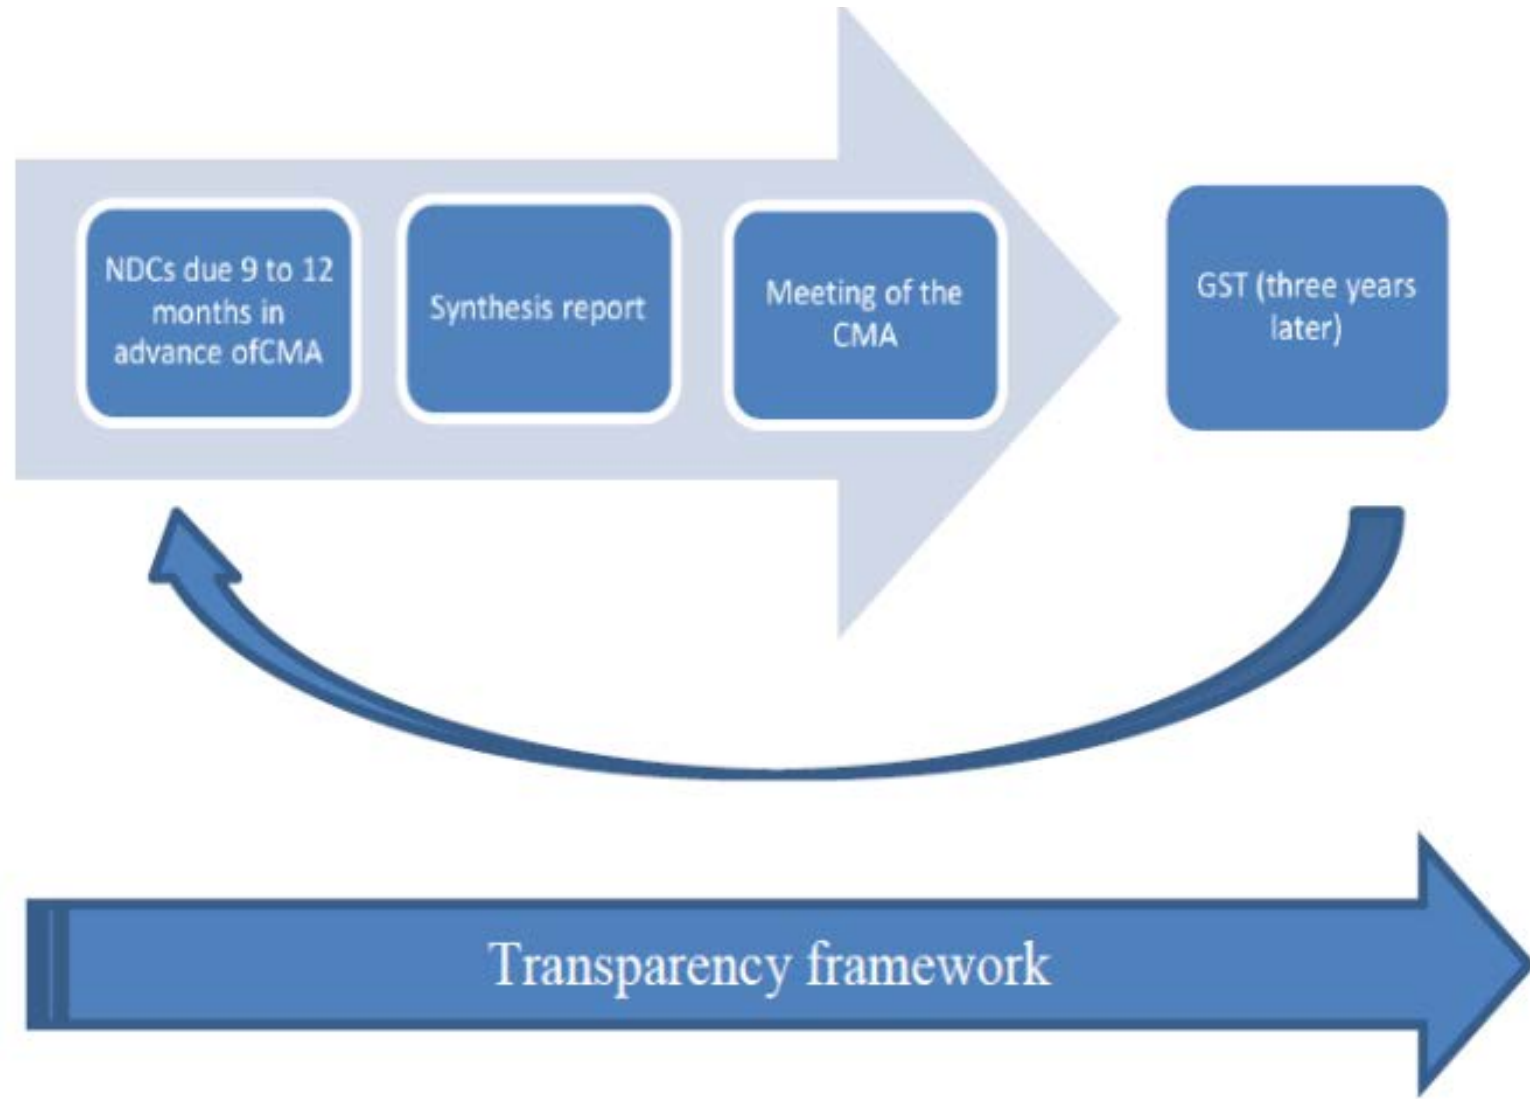

Ambition infrastructure/NDC Cycle

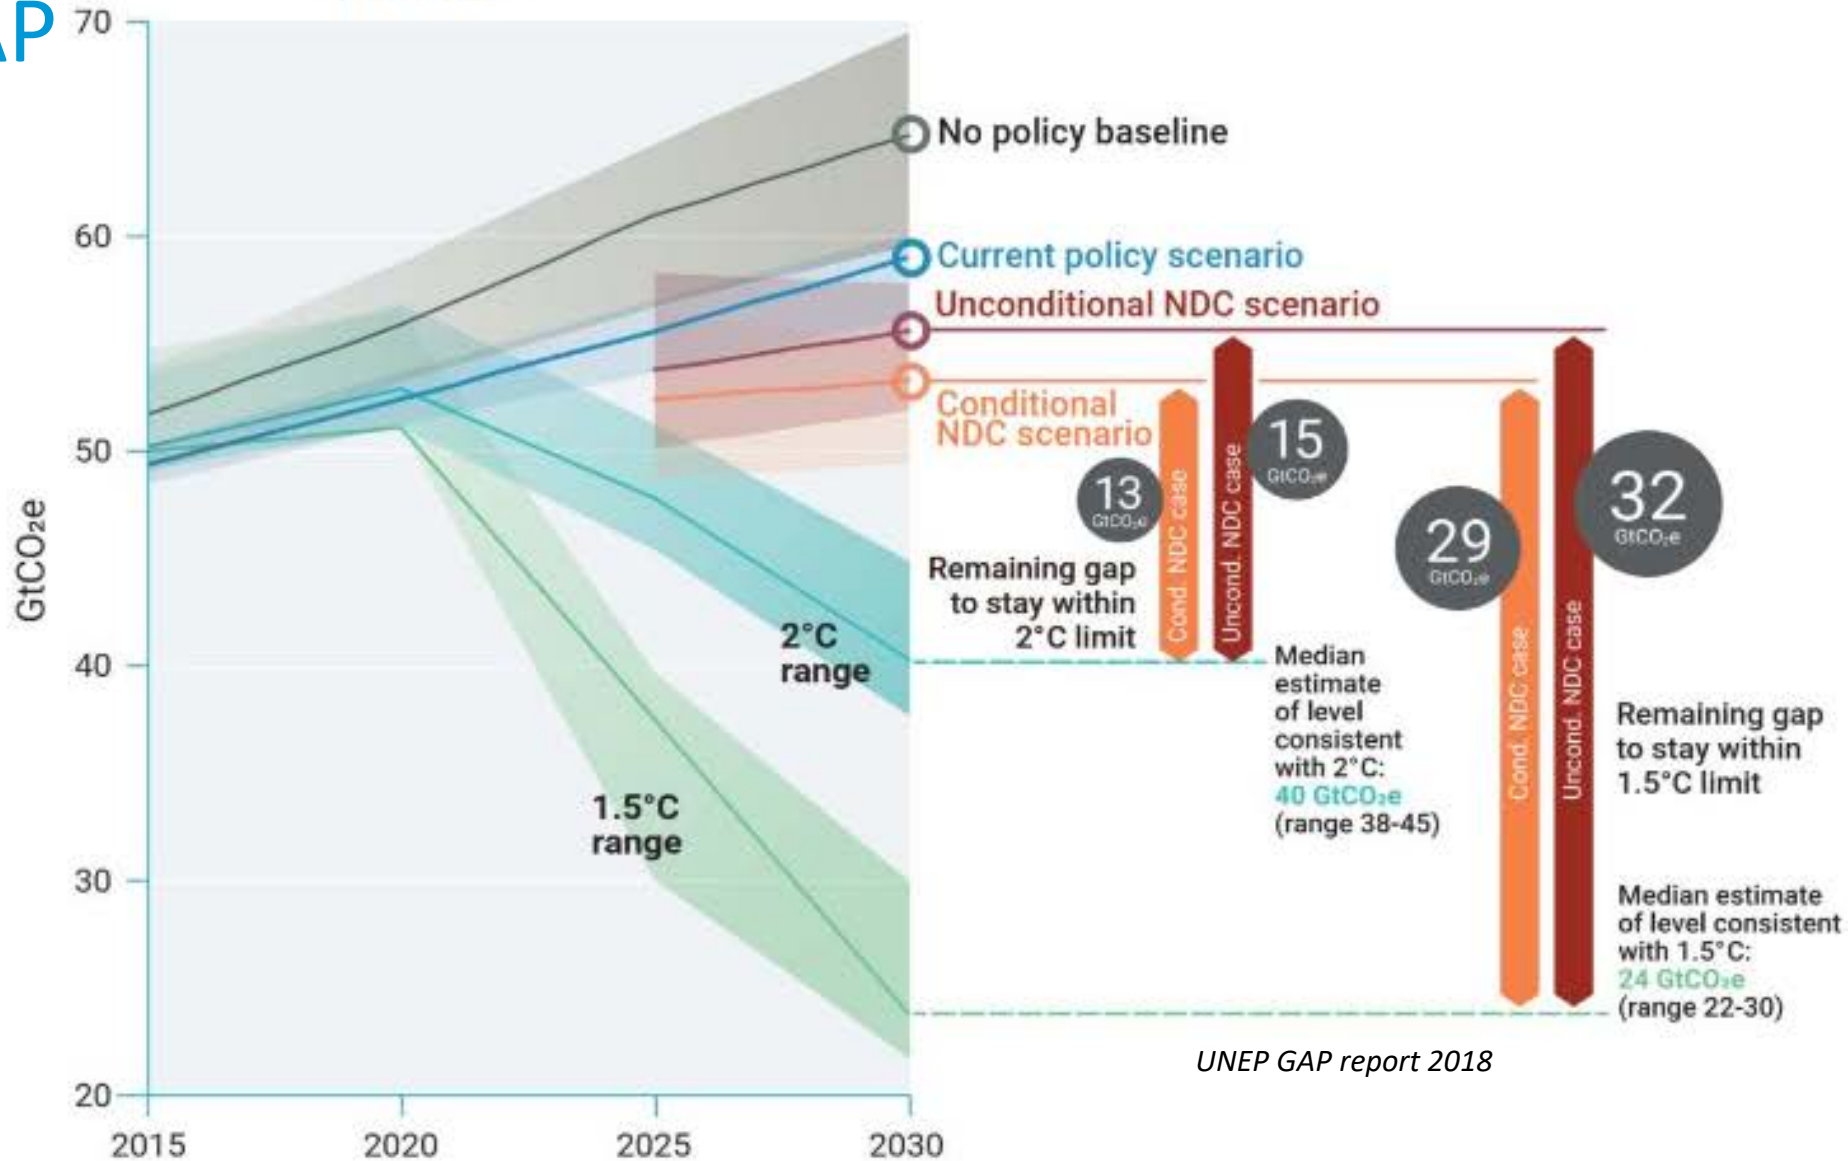

- The Paris Agreement recognizes that its objectives (Art. 2 and 4.1) will be achieved through time
- It builds on increasing aggregate and individual **progression/ambition** over time (Art. 3 and 4.3)
- It implicitly establishes a **mandatory cycle of NDCs** (NDC Cycle):
 - communication of **successive** NDCs (Art. 4.2),
 - every **5 years** (Art. 4.9)
- Feedback Mechanism
 - Facilitative dialogue/Global Stocktake
 - Transparency Framework
