Bioenergy community of practice (BioE CoP)

A peer-to-peer learning network

Focus 2020-
2021:
Integrating
bioenergy
into national
energy and
climate
policies

Activities for 2021

Online sessions to disseminate information on innovative technologies, policy frameworks, business models, and tools for bioenergy development

Facilitating technical assistance to Bio-E CoP members (ongoing assistance in Colombia)

Sharing results from past technical assistances (Guatemala and Costa Rica)

Pilot project Practice to policy: A bottom-up analysis of barriers and policy options to enhance biogas development in Colombia (to be finalized in March 2021)

Training and development of knowledge products in collaboration with partner organization.
